Hail Storm Hits District

A hail and rain storm which swept over this district on Sunday night damaged crops over a wide extent of territory, in fact it is difficult to describe the hailed territory. Northwest of Champion, in the vicinity of Kirkcaldy, it seems to have been at its worst and moving eastward seems to have lifted somewhat until some miles east of town where further total losses were reported. In town and for a short distance south hail fell, but the damage was slight. To the west and east there was little hail. Estimates of the total damage done vary so widely as to make any guess useless. In the vicinity of Kirkcaldy many windows were broken, and one broken window was reported in Champion, at the very edge of the storm. Between rain and hail the precip was the greatest of the season for the period of time in which it fell.

The greater part of the damaged crop was insured, and when the adjusters are through with their work a better idea of the situation will be available.

July Bride-Elect Is Honored

On Thursday afternoon, July 7th, the home of Mrs. John Carlson was the scene of a miscellaneous shower in honor of Miss Louise Peterson, a bride-elect of the month, the hostesses being Mrs. H. E. Johnson and Miss M. Carlson.

A dainty lunch was served after which little Margaret Dole brought in the wagon loaded with presents, useful as well as beautiful.

The Misses Esther and Marjorie Ferguson added to the pleasure of the afternoon by providing several musical selections.

Some forty guests were present. Those from a distance were Mrs. Taylor and Mrs. Lowe of Carmangay, and Mrs. Karl Dole of Vulcan.

Champion Old-Timers At Galt, Ontario

Mr. and Mrs. W. C. Fry and family arrived in the city on Monday from Spokane, Wash. Mrs. Fry, formerly Pearl Volsky, left Galt twenty-one years ago. They motored 3,400 miles, touching nine states and one province. They are staying with Mr. and Mrs. Sterzik, 156 Beverley St.—Galt Reporter.

Bozarth-Peterson

An event of wide interest in this vicinity occurred in Calgary on Friday, July 15th, when Miss Louise Peterson and William F. Bozarth were united in marriage. The wedding, which was a quiet one, was solemnized in the presence of the immediate friends of the bride and groom. The happy couple are now on their honeymoon trip to coast points. Everyone in the community will wish the newlyweds a happy, long and prosperous matrimonial voyage.

Mrs. H. E. Johnson left for Calgary on Wednesday where she will join Leola and both will be guests of Mrs. G. T. Stoddart.

W. C. Hoskins left for Sylvan Lake on Sunday, where he will spend a week with his family.

Cleaverville Club Picnic Scheduled for Aug. 10

The annual picnic of the Cleaverville Pioneer Club will be held at the Bar U Ranch on Wednesday, August 10th. This event is looked forward to by practically the entire community and further particulars, which are promised for next week, will be watched for with interest.

Women's Institute Entertains Visitors

The regular meeting of the W.I. was held in Campbell's hall on Tuesday afternoon, July 12th. The afternoon was social for the entertaining of other branches, fourteen having been invited and most of them were represented, as there were 104 ladies present. The program opened with Mrs. Miffin in the chair who gave greetings to the visitors. An address of welcome was given by Mrs. Alcock, district director. Solos by Mesdames Ryan, McLean and Cameron; readings by mesdames Williamson and Collins; a violin solo by Miss Marjorie Ferguson accompanied by Miss Esther Ferguson; quartette of stringed instruments by Misses M. and F. McGillivray, Marjorie Ferguson, and Miss Edna Orr, piano; a dance by Eva Latiff was much appreciated by all, were among the numbers on the program. A pageant entitled "Famous Canadian Women" was put on, the impersonators being local ladies and girls, the characters all being well taken, the Indian maid so well it would have never been dared to let her visit the reserve with her make-up on. After the program refreshments were served and a very pleasant social hour was spent by all. The W.I. wish to thank all who so kindly helped, especially the girls who so willingly lent their aid in the program and serving and were largely responsible for making the afternoon the success it was.

The next meeting will be held on Aug. 9th. Hostess-convenor, Mrs. B. Hummel. The place of meeting will be announced later.

A net gain of 36 telephones in operation for the month of June is reported by the Alberta government telephone system. A total of 62 new rural phones were installed, while a decrease of 26 exchange phones is shown for the month. Considerable repair work has been necessary following the damage done to rural lines by storms and wind in a number of districts during the present month.

The members of the Champion W.I. are invited to Reid Hill Church, August 3rd, at three p.m. Both Reid Hill and Reid Hill are entertaining. If possible those wishing to go will get in touch with Mrs. R. S. Bond some time before August 3rd as Reid Hill would like to know how many to expect.

B. Hummel has just installed the most modern acetylene welding outfit available on the market and in future those desiring this class of work may rely on prompt and efficient service in this line, so essential during harvest and threshing.

The interior of the Long Louie restaurant is being overhauled and refitted and when completed it is intended to be one of the most up to date on the line. L. W. Boden is in charge of the work.

THURSDAY, JULY 24, 1927

NOTES AND COMMENT.

Practically the first misfortune of the year befell the crop in this district in a storm on Sunday. The worst effects occurred some 12 miles northeast of town, where some total losses are claimed. The hail covered an unusual area for this kind of a storm, but in most instances the damage was light, although in parts the storm done sufficient damage to be serious. Naturally gardens suffered severely and as these were magnificent, the money loss is the small part of the situation. Until hail adjustments are made it would be impossible to estimate the total loss.

Tourists in cars from Champion naturally received the full benefit of the poor roads that have resulted from the continued heavy rains which have been general all over the country. Those who took to the mountains had the best of the situation as the government roads are better maintained. On the prairies, however, the roads have been very uncertain at all times, the only consistent thing about them being the roughness.

NEWS NOTES

The buffalo which have been transferred north from the park at Wainwright to the preserve in the vicinity of Fort Vermilion done well in their new home as there are few wolves on the range and feed was abundant, according to Ranger Milne of Fitzgerald who has come out to accompany a further shipment of buffalo northward. About 750 buffalo still remain to be transferred out of the 2,000 scheduled to go north from Wainwright this season. Little difficulty is being experienced in the movement and the animals soon settle down on their new range.

Delegates to the number of 230 representing some 30 countries, on their way from the First International Congress of Soil Science at Washington, D. C., spent two days in Alberta in the course of a tour through the United States and Western Canada. Tuesday was spent at Jasper National Park and on Wednesday they were entertained at Edmonton by the Board of Trade, the University of Alberta and the Provincial Government. The visitors were greatly impressed by the fertility of Alberta as indicated by the splendid crops seen during the day in the surrounding country.

Tree Planting Car Visits Champion

The tree planting car of the Canadian Forestry Association was at the station here on the evening of July 7th and showed motion pictures of wild animal life, fishing for muskies, scenic pictures of Eastern Canada, slides of farms planted and

unplanted, prairie homes, parks schools and street planting. Also the tree planting pictures showing the actual manner in which to plant the trees by spade and plow, pruning, making and planting Russian poplar and other cuttings and many other such-like features. The car was well filled with adults and others, all eager to see the pictures and listen to the talks which were given on tree planting on the prairies and allied subjects. The car proceeded north from here and was in Calgary during Exhibition week.

TO Give You Service

The U.G.G. Elevator at your station is there to give you service, both in handling your grain and in furnishing farm supplies.

These farmer-owned elevators mean better returns for you in price and grade. The U.G.G. elevators set a standard which other companies have to meet.

U.G.G. elevators are there for the use and benefit of all farmers alike. Shareholders in the Company and farmers who are not shareholders all get the same service and treatment.

We don't claim to be perfect, but we do claim—and we believe justly—that the service given by U.G.G. elevators and by all departments of the business brings real financial benefit to farmers.

If you agree that this is a fair claim, we shall appreciate your business at your nearest U.G.G. Elevator.

No other car near this Price offers so many Quality Features

Compare what you get in the Whippet with what you are offered in any other car of the same price class. Then you'll quickly realize what wonderful value the Whippet really is.

Four-wheel Brakes—most cars have only two-wheel brakes. The Whippet has four-wheel brakes. This means that you can stop the car as fast as you want to. It's a feature that's worth the extra cost.

Unparalleled Economy—most cars use a gallon of gasoline or oil when you can get 35 miles in a Whippet. That's a saving of \$1.00 a gallon. It's a feature that's worth the extra cost.

Amortization—to 10 miles an hour in 10 seconds. The Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

Lightning Pick-up—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

Beautiful Body Lines—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

4 Wheel Brakes—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

35 Miles Gallon—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

1000 Miles to Gallon of Oil—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

55 Miles an Hour—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

Lightning Pick-up—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

Beautiful Body Lines—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

4 Wheel Brakes—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

35 Miles Gallon—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

1000 Miles to Gallon of Oil—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

55 Miles an Hour—the Whippet has a top speed of 55 miles an hour. It's a feature that's worth the extra cost.

1

SOIL SCIENTISTS MAKE TOUR OF WESTERN CANADA

Helena.—Representing 30 different countries and 25 different languages, the soil experts from all over the world visited Regina and paid a visit to the experimental farm at Indian Head. The visitors were enthusiastic about the development of the country and spoke in glowing terms of the wonderful soil that is to be found in western Canada.

The visitors were recently present at the International Soil Conference, held in Washington, D.C., when delegates from practically every nation in the world were present. At the conference matters pertaining to soil erosion and soil culture were discussed, and at the conclusion of the conference the Association of Soil Science rendered the tour to the visiting delegates.

"You have most wonderful soil here," said one delegate from the U.S.A., "and, with judicious farming, it is safe to say that it would never be outworn."

Prof. Jost, instructor at the Russian delegates expressed his great interest in the soil of Saskatchewan because it was very similar to that of their own country. "All the visitors were impressed by the excellent development of the country," said the Professor.

In speaking of the work of the Association of Soil Scientists, Dr. Shierman, who is one of the guides in the tour, said that the main object is to bring about a general classification of soils.

"Hitherto," said Dr. Shierman, "there has not been the necessary classification of soils, of which there are some 600 kinds, and our object is to have these so classified that each nation in the world will know what the other is talking about."

"On this tour, which is a complimentary one tendered to the visiting delegates to the soil conference, we have inspected all the different belts of soil in the U.S.A., from the cotton belt to the arid deserts, and we are now inspecting the grain belts of Western Canada."

"At each spot we touch a trench about six feet deep and we have therefore able to judge the quality of the sub-soil in that particular area."

Toronto Man

Captures Trophy

W. A. Hawkins Wins Prize of \$100.
Bibley, Tag—Company Sgt.-Major W. A. Hawkins, Toronto, won the Prize of \$100 in competition with hundreds of marksmen from all over the Empire. His score of 99 out of a possible 100 was highest recorded in the shoot which was a service rifle at 200 and 400 yards.

His prize was the National Rifle Association badge. Hawkins won the King's prize in 1913.

Exceeds Official Estimate

Value of B.C. Agricultural Production Greater By \$2,000,000.

Victoria, B.C.—Agricultural production in British Columbia last year totaled \$7,562,200 broke all previous records and topped earlier official estimates by \$2,000,000, according to final figures given out by Hon. E. D. Barrow, Minister of Agriculture.

The 1925 figure was an increase of \$2,008,694 over that of 1924, or a gain of 9.53 per cent, which compared with the output of 1924. It marked an advance of over one hundred per cent.

Floods in China

Shanghai.—More than 1,600 people are reported to have been drowned and tens of thousands of people rendered homeless by the floods in South Anhui province, according to belated reports received here. The floods are reported to have taken place July 6.

Manitoba Pioneer Dead

Winnipeg.—Charles W. Barker, 77-year-old pioneer of Manitoba is dead here. Mr. Barker first came to Winnipeg in 1852 and helped to lay the Canadian Pacific line through Crown Point Pass. He was a native of Colchester, Ont.

Release Madame Borodin

London.—Madame Borodin, the wife of Michael Borodin, adviser to the Bank of Canada, who has been under arrest at Peking, has been released, according to the Daily Mail's Peking correspondent.

W. N. U. 1929

Will Execute Wife Of Naval Commander

Aided Husband in Espionage for Britain in Soviet Russia.

Moscow, Soviet Russia.—Mrs. Kiehlhoff has been sentenced to death by a court martial at Kronstadt, on the charge of aiding her husband, Commander Kiehlhoff, in espionage for Great Britain. Kiehlhoff, who formerly commanded a ship in the Baltic fleet, was executed by a firing squad after being found guilty of espionage. He was alleged to have conspired to give a report to a British intelligence agent in Finland containing information on the condition of the Soviet armed forces, particularly the navy. At the same time Mrs. Kiehlhoff was sentenced to three years imprisonment for complicity, but the supreme court failed to confirm the sentence. She was then brought to trial before a court martial.

President of Alberta Law Society Dead

Dr. Conyne Was One of Leading Lawyers in Province.

Lethbridge, Alta.—Dr. J. C. Conyne, B.C., dean of the Lethbridge bar, died suddenly at his home, July 12, at the age of 67 years. Dr. Conyne was born at Little Sutton, England, and came to Lethbridge in 1888 from Winnipeg. He had been town prosecutor here during the whole of his career in Lethbridge.

Dr. Conyne, succeeding the late James Muir, Dr. Conyne, besides being one of the leading lawyers in the province, was also a member of the Knights of Pythias and had been grand lodge officer for many years. He was also a poet and writer of some note, being especially well versed on Indian lore.

Editors Will Visit Prince

British Newspapers Men Going to Ranch at High River.

Ottawa.—The party of British newspaper men and their wives that will arrive in Quebec on August 12 will pay a visit to the Prince of Wales ranch at High River, Alta., on August 23, according to word received here. The party will include the editors of the Prince and his brother Prince George will be at the ranch at that time and will give the party a tour of the property. The party will be the most distinguished newspaper group that has visited Canada since the Imperial Press Conference in 1926.

Sales Show Increase

Life Insurance Business in Canada Reaches High Record.

Montreal.—Eighteen per cent more ordinary life insurance was purchased in Canada during the month of May than in May, 1924, according to the Life Insurance Company Bureau. During the month \$14,523,000 of new business was paid for by policyholders here in comparison with \$12,000,000 in May, 1924. This is the highest record ever made in any month with the exception of September, 1924, and May sales are only \$23,810,000 below the December record.

Put Ban on Sun Dance

Paynton.—The Indians began their sun dance a week ago on Poundmaker's Reserve nine miles south of Paynton. For several days Indians from the north had been coming in large numbers to take part or to witness the dance. A R.C.M.P. officer from Battleford arrived and stopped the dance, which is forbidden by the Dominion Government. Four of the leading Indians were taken to Battleford and were later released.

French Armed-Sloop at Montreal

Montreal.—The Ville d'Yves, an armed-sloop belonging to the French Government, has ensigned at the "dépôt" in response to the same courtesy from steamships lying in the harbor, steamed slowly into Montreal recently. She is under the command of Captain Balle Amelot, of the French navy, was paid a visit by the French consul immediately on arrival. The ship will remain here for a week, and will later proceed to Quebec.

Recount Eccentric Conservative

Winnipeg.—Dr. E. J. Rutledge, Conservative, was declared officially elected to the Manitoba Legislature following completion of a recount in the constituency of Minnedouba where he was credited with a majority of three votes over his Liberal and Progressive opponents on election night. The final figures gave Dr. Rutledge a margin of 15 votes.

Wild Animal Invasion Cougars and Bears Reported Plentiful in Vancouver District

Vancouver.—The latest report in what seems to be a wild animal invasion of Vancouver and vicinity was that a woman had seen a cougar in Stanley Park here. She was confident that it was not a dog or any large animal. Officials doubt that a cougar would be in the park but are ransacking the woods. A cougar was seen in the park some years ago. At Lake, some 100 miles from the city, reports that two loggers were chased up a tree by bears. The animals were so numerous and bold around the camps in the district that they have been taken to pantries and taken food, scarcely of berries in the wild being given as the reason for the influx. A number of bears weighing from 100 to 500 pounds have been shot. Similar reports have been received from other localities. At Seymour the bears have shown a taste for bacon, nutmeg and cheese. A number of goats have been killed. A bear was seen near the Burnaby Lake Interurban line near here, while three skunks were killed on the same line, necessitating fumigation of the Interurban.

GRAND TRUNK SHAREHOLDERS WANT TEST CASE

London.—Lord Asquith chairman of the Grand Trunk Railway, junior stockholders organization, at an extraordinary meeting of the shareholders here after resolution had been passed asking for the conversion of the existing 41 shares into 100 shares, and for the appointment of a committee to investigate the matter.

The arrangement will be ratified at a meeting of the shareholders to be held between Hon. W. L. Sturges, minister of public works, and the Federal authorities.

Lord Asquith suggested that the stockholders should provide money for the purpose of making a test case of their rights and after quoting the opinion of Sir John Simon, who has been associated with other eminent lawyers in the matter, said the committee did not feel justified in abandoning the case without taking legal proceedings.

The resolution passed at the meeting provided for the conversion of the existing 41 shares into 100 shares, and for the appointment of a committee to investigate the matter. The committee did not feel justified in abandoning the case without taking legal proceedings.

STUDENTS FROM OLD COUNTRY AS HARVESTERS

Montreal.—Canadian Pacific steamship arrivals over the week-end from the Montreal, the Melita, and Express of Scotland—brought over 1,200 new comers to be added to Canadian population. The majority of these week-end immigrants come will be absorbed by agriculture or domestic service.

A party of 50 students recruited from various universities and agricultural colleges in the British Isles is coming to aid in the harvesting of the Western Canadian harvest. These first arrivals will proceed direct to Toronto, where they will be placed by the Ontario Government on provincial farms for a month's work. At the end of this period they will travel to various parts of the province in Saskatchewan through the agency of the British Immigration League. This party constitutes only the vanguard of the students who will attack the western Canadian wheat crop. Up to three thousand students are expected.

Given Control Of Indian Reserve Roads

British Columbia and Federal Governments Reach Agreement.

Victoria.—By an agreement between the British Columbia Government and the Federal Government, roads through Indian Reserves in this province will be owned by the Province. At present they are held by the Federal Government for its wards, the Indians.

The arrangement will be ratified at a meeting of the cabinet to be held between Hon. W. L. Sturges, minister of public works, and the Federal authorities.

Insect Plague in B.C.

Grosshoppers Threaten Serious Loss to Agriculturists.

Victoria, B.C.—Tons of locusts have been sent out by the department of agriculture to combat threatened serious losses in agricultural areas of British Columbia from locusts. The locusts are beginning to hatch out in millions while the clover root borer has appeared in the North Okanagan district, apparently from the State of Washington, where the locusts are doing great damage in some districts.

Earthquake in Palestine

London.—The Daily Mail's Staff (Syria) correspondent says that 500 persons were killed in the earthquake in Palestine, and that more than 700 houses in Jerusalem and the surrounding districts were damaged. These figures are based on reports from the Patriarch's residence on the Mount of Olives. A minister felt while a shell was diving, killing him.

Divers Locate Valuable Cargo

Genoa, Italy.—Bivers have succeeded in locating the treasure ship, the *Urania*, which was sunk in October, 1917, by a German submarine while on the way from America to Genoa. They found the vessel at Cannoli bay far from Genoa. The Washington has a cargo of copper worth \$60,000,000 which it is hoped, to recover.

Rapid Transit Plans

African Railway May Use Pullmans by Night, and Aeroplanes by Day.

Washington.—The statement of William P. MacKenzie, Jr., assistant secretary of the department of commerce, is being awaited, made at Cedar Point, Ohio, that five railroads are planning to use aeroplanes to supplement their service caused by the war. The government will encourage the carriers in this program.

Railroad managers have in mind a plan to use aeroplanes to supplement their service caused by the war. The government will encourage the carriers in this program. Railroad managers have in mind a plan to use aeroplanes to supplement their service caused by the war. The government will encourage the carriers in this program.

Hog Grading Regulations

Owing to Criticism New Rules Will Be Enforced at Present.

Ottawa, Ont.—As a result of criticism received by the department of agriculture in connection with the new hog grading regulations, it has been decided not to put them into effect July 15. It is probable that some change in the wording will be made and that the new draft will not be put into effect until August 1 or later.

In addition to the need of change in the regulations, there are administrative difficulties in the way. It is understood that some of the parties, which are necessary, are essential if the grade of hogs is to be carried back to producers, are not now willing to accept the new regulations, several conferences will have to take place before the problem will be solved.

Meanwhile the whole situation will be discussed at a meeting of the hog grading committee, to be held in Regina on July 19. The federal department will be represented by T. C. McQuinn, the livestock inspector.

Ontario Wheat Pool

Eastern Provinces Has Affiliated With Western Organization.

Toronto.—For the purpose of marketing its product, the newly formed Ontario Wheat Pool has affiliated with the similar organizations in the three western provinces and, it is expected, will soon have representation on what is known as the Central Selling Board for the western pool. Members of this board have been elected in Toronto to complete arrangements. The members of the board will stay in the city until final details of the affiliation have been completed.

VISITORS ARGUE EXTENDED TRADE WITH AUSTRALIA

Winnipeg.—"Through the products of Australia and Canada are similar, there are many opportunities for trade between the two countries," said Sir George Parkhill, agent general for Victoria in London, England, who arrived in Winnipeg over Canadian Pacific lines. Sir George, who is accompanied by Lady Parkhill, is en route to his home in Melbourne, and will spend several days at Lake Louise and at Vancouver, before sailing on the Astrak, July 27.

"Wool and lumber are the two great commodities we can make money," continued Sir George, "though dried fruits are fast becoming a source of revenue. The government has established returns on fruit farms in the great irrigated district of Victoria and New South Wales, and they are successfully growing such products as oranges and other fruits which, dried, are finding a large market."

"Stock of the land which formerly was used for sheep farming has been bought back by the government and sold to settlers with the idea of growing wheat, the Commonwealth is equaling about one-third of the province's production. Irrigation is doing its part in agriculture within the next three years, we expect to put into operation what will be the third largest reservoir in the world. From the Fraser River, the reservoir will have 5,000 miles of channels, covering 8,000,000 acres. This means that a depth of 12 inches can be maintained over the 2,000,000 acres. The cost of the work will be in the vicinity of \$15,000,000," Sir George said.

"The Australian has made many trips across Canada going back and forth to school in England."

ARRANGE PLANS FOR TOUR OF ROYAL PARTY

Ottawa.—The plans for the tour of courtesy entirely from all blame in the Prince of Wales and Princess Marina are being discussed by the government today, that the public would regard the Prince and the Princess as guests of Canada and on everything possible to make the trip a pleasurable one.

So far as an official program can regulate, the country are to be brief with the object of allowing as many as possible to see the Prince and the Princess. It is believed a more liberal number to hear public remarks, that this afternoon.

It is pointed out today by a Cabinet Minister who has been active in arranging the visit, that Mr. Baldwin is coming to Canada on a holiday trip and while he will speak several times he will endeavor to secure rest and diversion from his own work during the few days he is in Canada. It is all he will have to do in the Dominion.

As has been previously stated the Prince will arrive on the 23rd, and will separate at Banff. Mr. Baldwin will return East and the Prince and his brother, Prince George, will go to the 23rd. Mr. Baldwin will return East and the Prince and his brother, Prince George, will go to the 23rd. Mr. Baldwin will return East and the Prince and his brother, Prince George, will go to the 23rd.

Workman Exonerated

Coroner's Jury Finds Paint Remover Compound Responsible for Death.

Vancouver.—David Henderson, 52, painter, charged with manslaughter after the Royal Alexandra Hospital for which work died three hours, was exonerated of all blame for the tragedy by a coroner's jury at the close of the inquest held Saturday.

The verdict, returned by the jury after two hours' deliberation, read as follows:

"We, the jury, find that the death of David Henderson was caused by use of a paint remover preparation, now proved to be a highly inflammable nature, in such a place, and the storage and use of which is strictly prohibited by the city by-laws."

David Henderson, user of the paint remover, the said paint remover or having been supplied him by the manufacturer, was found guilty of the crime of which he was ignorant, in committing suicide from all blame in the case. The jury strongly condemn the use of the building, C. E. Lightheart, for supplying and permitting the use of such a dangerous compound, and was strongly deprecated the sale of it to the unsuspecting public."

Succumbs To Injuries

Cecil K. Parrish Dies as a Result of Automobile Accident.

Winnipeg.—Succumbing to injuries received in an automobile accident on the Beach road Saturday, Cecil K. Parrish died at St. Boniface hospital on Tuesday evening.

The late Mr. Parrish was well known in the younger business men of Winnipeg, and for more than twenty years has been in the employ of the Toronto Type Foundry, Ltd., as accountant. He was a member of the Traffic club, but it was in bowling circles that he was most widely known. He had served as executive of the Winnipeg Bowling Association every year since its inception. Of a retiring disposition he was sought to go to his home, but was always unflinching with his time in the furtherance of anything in which he was interested.

Will Be Guest of Honor

Toronto.—Lord Hewart of Bury, chief justice of England, will address the annual meeting of the Canadian Club meeting here this month and be a guest of honor at the dinner on August 25 to be given by the Canadian Club of Upper Canada to the honor of the Canadian Club Association and its distinguished visitors.

Queen Victoria's toys were recently put on exhibition at the State Apartments of Kensington Palace.

Now packed in Aluminum.

Your grocer knows when you order
RED ROSE ORANGE PEKOE you
are a judge of fine tea.

The Canadian People

In rounding out the celebration of the Diamond Jubilee of Confederation, the Dominion Parliament at its next session might well take one more step to further promote a united Canadian sentiment and develop a stronger Canadian national spirit by making legislative provision for the recognition of the Canadian race, and persons born in Canada, whatever their racial descent, shall be designated in the census returns of this Dominion as a "Canadian."

At the present time, tens of thousands of native-born Canadians are made to suffer a feeling of inferiority, not only in their own eyes but before the world, through their inability to record themselves as Canadians. Under the census regulations of the past they have been forced to designate themselves as English, Irish, Scotch, French, Dutch, German, Austrian, anything but what they really are, Canadians.

As a result, the census statistics of this Dominion advertise to the world that this country of Canada is inhabited by all manner of races and readiments of people, except Canadians. In all this broad Dominion, a self-governing nation in the British Commonwealth of Nations, with a status equal to that of Great Britain itself, and a full-blooded member of the League of Nations, there is no such person as a Canadian.

If in England, France, Germany, and elsewhere, the status of a citizen of that nation prevailed, many families who have lived in British or French colonies would be compelled to classify themselves as English, or French, or anything but English. His Greatest Majesty the King, the Prince of Wales, and other members of the Royal Family would be recorded as German. In the United States, if our absurd system existed, there would be every known race under the sun, except Americans. It is the understandable fact of the Dominion of Canada that the status of a citizen is one of the causes of people in other lands failing to understand and appreciate the national and international position of Canada today.

Furthermore, the existing state of affairs is very similar to the people of Canada. There are thousands of Canadians whose parents, grandparents, great-grandparents, were born in Canada, and who do not know, and much less care, whether generations back their forebears originally hailed from the British Isles, the continent of Europe, or the Dominion of Canada, Canadians. That is good enough for them, and it ought to be good enough for the Canadian Government.

In some cases a man's great-grandfather may have been Scotch and his great-grandmother French; their son may have married a German, the female offspring of this latter union may have married a Ukrainian born in Canada but one of whose parents was a Hungarian, who in turn had Russian blood. What is the nationality of such a Canadian-born man? His blood does not know, and it is doubtful if the average census enumerator can figure it out. The only point on which the enumerator is clear, and because the Government in its instructions to him makes it absolutely clear, is the man is not a Canadian regardless of the number of these generations of varying racial descent who were born in Canada.

"Canada our Country" was the motto of the Diamond Jubilee celebration. "Our people Canadians" should be the record disclosed by the census returns, not a conglomerate mixture of peoples. Under the existing system of enumeration it is not at all surprising that so many false statements are being made to the effect that Canada is rapidly becoming a non-English country, and that the foreign-born predominates. If the children of time and four generations of native-born Canadians must still be classified as Russian, or German, or Austrian, anything and everything but Canadian, it is small wonder that people who do not understand our uniquely aboriginal system are misled and arrive at conclusions the very reverse of truth.

Canada, Diamond Jubilee year is a most appropriate time for Parliament to right this injustice to so many of its citizens and to the Dominion as a whole.

To Cross Ocean In Small Boat

Steel Vessel Twelve Feet Long Will Be Used By Daring Navigator

In a tiny, intimate-like steel vessel of his own construction, which he calls the "Vindicta," Mr. W. H. Williams, of Warrington, Lancashire, proposes to set out shortly on an adventurous voyage from Dover to New York. The boat, which is only 12 feet long, with a beam of 2 feet, will be propelled by a propeller with a pedal mechanism much like bicycles operating the two blades of the propeller.

A "ventriloquist" feared to the shaft will relieve him when the wind is fair. Two persons can be accommodated, although there won't be full-length sleeping quarters. There are also water-tight compartments and a small stove.

Quick Stop for Airplanes

New Device Will Permit Planes to Land on Rooftops of Buildings

Aeroplane can now be safely brought to a stop within a distance twice their own length under a new landing, propeller, arrangement, patented by C. T. Francis Jenkins, of Washington, inventor.

The propeller can be reversed under the plane, and when the plane is placed, and when thrown in reverse halts the airplane with the ease of powerful brakes.

The inventor believes his device will permit air fields for mail and commerce to be established on the roofs of buildings, eliminating the slower and costly hauling of mail, express and passengers from suburban fields.

Sour Stomach Nerves

Subdued by "Nervine"

A Few Drops Bring Relief

The wonderful relief you get from two or three drops of Nervine is a fact which is well known to all who have tried it. Take it in sweetened water, and almost immediately you feel better. Nervine brings up the gas caused by fermenting food, and relieves the nervous system. When cold or cramps strike you at night, Nervine is a sure remedy. It is a general tonic for the family, for emergency, but always keep Nervine in your hand, since all dealers.

Big Demand For Baby Boys

Waiting List of Six Hundred Farmers Reported at Agency

Six hundred applications from farmers throughout Canada for boys brought to Vimy Ridge Farm, Guelph, Ont., for placement are on file at the farm now, according to Superintendent W. Sarel. The demand for boys is so large that no party which has arrived from the United States for the institution for longer than its hours. Applications have been received from agriculturalists in Alberta and Saskatchewan, and also from Ontario and Quebec. The groups this year, though not so large as in 1925 are arriving more regularly, and the boys generally are of a better type.

DEBILITY DUE TO INDIGESTION

Perfect Digestion Comes Through Rich, Red Blood

There can be no perfect digestion unless the blood is rich and red. The blood is scientifically true. It is also true that there is no tonic for the stomach that is not at the same time a tonic for the body. The way, then, to digest the food is to tone up the blood.

The many so-called stomach remedies merely try to "clean out" the stomach. You may feel better for a few days, but your stomach is left in its own way as nature intended. There is no pleasure in eating perfect food. Turn up your stomach and your appetite and digestion will be normal.

If your digestion is weak and your blood is thin, you need the help of Dr. Williams' Pink Pills. They will tone up the blood and restore strength. In addition, the pills are the most reliable food and food tonics available. They will tone up your stomach and your appetite and digestion will be normal.

Fined For Laughing

Display of Mirth Leads to Trouble in German Town

At Berlin, in Germany, laughter is liable to lead to trouble.

A German couple, Herr and Frau Stanner, stepped out of a shop while the latter told her husband a funny story. The husband burst out a hearty guffaw, whereupon a police officer, who was standing nearby, took the husband by the collar and fined him \$1.00 for laughing in the street.

This remark so amused Herr Stanner that he again burst out laughing. Before the next chuckle had ended he was being led away to the police court.

A witness testified that he had not laughed but had "bleated like a sheep."

This remark so tickled the laughing husband that he could not keep solemn no longer and enjoyed an other hearty laugh. He was fined about \$1.00. Still with a sad face, Frau Stanner handed the clerk \$10.00, telling the official to credit him with \$5.00 on his next laugh.

"Come and see," said the bench, and find him \$12.50.

Wheat Pool Agency For South America

Western Canadian Wheat Pool Will Establish Selling Agency in Argentina

W. J. Zuckman has been appointed resident representative in the Argentine for the selling agency of the Western Canadian Wheat Pool.

He will leave for his new field of work early in September and will have his headquarters in Buenos Aires.

The appointment is the outcome of a touring trip that Mr. Zuckman made to Argentina last year. He found the conditions of the wheat trade in that country. It has since been decided that the wheat trade to be represented there and while the office will be of a somewhat experimental character it is intended to give it a thorough trial, in expectation of the two countries coming into fairly close relations as both producers and exporters of wheat.

Airships Terminal Planned

\$350,000 To Be Spent On Equipment in South Africa

Plans concerning the projected mooring mast and ground equipment for an airship terminal in the Union of South Africa are almost completed. It is agreed that the airship terminal shall be constructed by the Union's railway administration, which has approximately \$250,000 will be spent on the mast itself. It is understood this will be located near Cape Town. The Government committed itself to construction of a mast as the Union's contribution to an international airship service.

Mr. Miller's Motor Powders are used by the Union's railway administration. No hostess in taking them. They will certainly bring your troubles to a close. They are a stomachic and stimulating medicine, correcting indigestion, dyspepsia, and other stomachic and intestinal troubles, and restoring health and vitality.

Farmers Market Tour

An Exceptional Opportunity For Farmers of Western Canada to Visit the Old Land

The British market must ever remain the most desirable outlet for Canadian farm products. As a result of recent competition from other countries, it is vital that the Canadian farmer should become familiar with this market.

Gum-Dipping

A Firestone Contribution to Economical Travel

The greatest enemy to tire life is not the chipped-up road, the broken pavement or the harsh grind of rough city streets—but heat, which is created by internal friction. Heat not only weakens the fabric, but also softens the rubber and causes blowouts and failures.

Firestone chemists and engineers know that if they could find a way to eliminate this destructive heat and internal friction, the mileage-giving qualities of tires would be greatly increased. Such a method was found and called "Gum-Dipping."

The Gum-Dipping process is one of Firestone's contributions to economical travel—in insulates and impregnates every fiber of every cord with rubber, reducing internal friction and at the same time binding the cords together by a stronger union of rubber, thus giving greater strength and flexibility to the tire.

Firestone dealers everywhere—familiar with Gum-Dipping and its advantages—will gladly explain how thousands of extra miles are built into Firestone tires by this exclusive method. Take advantage of the Gum-Dipping process to lower your tire costs this year.

Russia Preparing For War

Military Sports Advocated to Awaken Enthusiasm of Youth of Country

A campaign is on foot throughout the country to awaken the enthusiasm of military preparedness in the face of recent developments, which are regarded as threats of war. The period from July 1919 to July 1920 was designated as "defense week" to ward the success of which all efforts were directed.

Military sports are being strongly advocated as a means to awaken the enthusiasm of the youth of the country and the heads of the nation are exhorting their members to rally around "Osostrakht," Russia's great voluntary military organization.

The latter is headed by Alexis Likhov and was created by Vladimir Voroshilov, and its members are said to number millions.

The Family Physician—"The good doctor is always with his feet. But it is not always possible to get a doctor just when you want him. In such cases, the best remedy is a family medicine chest. It is a collection of reliable home remedies, such as Dr. Williams' Pink Pills, which will cure a wide variety of ailments, including colds, coughs, and sore throats. It is a collection of reliable home remedies, such as Dr. Williams' Pink Pills, which will cure a wide variety of ailments, including colds, coughs, and sore throats.

"70" WILLYS-KNIGHT SIX

Extra Beauty-Extra Comfort
Extra Roominess

Are Outstanding Willys-Knight
"Points of Preference"

THE "70" Willys-Knight Six is as beautiful an automobile as you can well imagine. Its lines are long, low, sleek-looking. Inside dimensions are scientifically planned to afford the utmost in grace, comfort and room. Front and rear coil springs are made lighter and deeper to fit the instant curves of the body. Everything you look for in case of such heavy loads. The exclusive advantage of the Willys-Knight six-cylinder engine—the only type of automobile engine that actually improves with use—giving you power, becoming smoother and quieter the longer you drive. Example: The "70" Willys-Knight Six gives a delight in the power of its eight-horse-horsepower engine and roominess of fit. Drive it—feel its responsiveness, its flexibility, the amazing power of it.

B. N. WOODHULL, Champion.

Cheap and Effective
A "Want" Advt.

The roads have dried rapidly since the last rain.

W. Laurie, of Brooks, was a visitor in town this week.

Harry Smith, of Calgary, was a visitor to his home this week.

Mr. and Mrs. H. E. Gill and family motored to Banff and B. C. points for their holidays.

Local and General

Miss Alva Bowman is spending her holidays at her home here.

Sunday night's storm crossed the Snake Valley, hit the Guess Ranch hard and was also violent at Travers.

Combines continue to arrive in town and by all appearances will be a big factor in taking off this year's crop.

Anyone desiring to take the W.L. basketry course are requested to send in their applications to Mrs. Steeves, not later than August 1st.

Through an error Laddie Dow's name was omitted from the list of prize winners in the July 1st parade. He was first for his cowboy costume.

A storm on Tuesday night, which furnished only rain here, done considerable damage in the vicinity of Reid Hill, where hail developed with the rain.

Little Miss Barbara, daughter of Mr. and Mrs. G. T. Dow, arrived home from the hospital in Calgary last week, well on the way to complete recovery.

Mr. and Mrs. J. W. Murphy returned to Champion on Tuesday after making the circle four through the Rockies, taking in the Calgary Stampede en route.

The bulk of the wheat is now headed out or is in the process of heading. While the grain is late this year rapid progress in filling will largely offset this part of the situation and present weather conditions are highly favorable.

Messrs. G. M. Campbell and C. E. Anderson and their respective families returned from a trip to Glacier and Yellowstone Parks and intervening points on Wednesday. They report a specially enjoyable holiday trip.

Visitors last week were Mr. and Mrs. E. L. Davis of Spokane, Wash., with the latter's parents, Mr. and Mrs. H. E. Smith. Mr. Davis has returned to Spokane but Mrs. Davis will remain with her mother until Sept. 1st.

Wheat Pool Bulletin

Steady progress is being made in the campaign for the signing of the Second Series of Wheat Pool contracts. Weather conditions have hindered the work of the canvassers to a considerable extent, nevertheless the contracts are coming in head office in a satisfactory manner. An encouraging feature is the number of new members who are joining the Wheat Pool. It is anticipated that over 500 new members will be signed up during July. Another feature of the drive is the larger acreages being signed up.

It is expected that the foundation for the Alberta Wheat Pool terminal elevator at Vancouver will be started next month. C. D. Howe, of wide reputation as an engineer, has been engaged to supervise the construction of the terminal. The elevator will be completed in time to handle the 1928 crop.

W. J. Jackman, member of the Board of Directors of the Alberta Wheat Pool, has been appointed special representative of the Canadian Wheat Pool in Argentina. Mr. Jackman will leave in the early part of September for South America. Last year he made a special study of conditions there for the Pool. His knowledge of South America and his ability to speak the Spanish language fluently will be of considerable advantage to the Wheat Pool. A new director will have to be elected for the Edmonton district.
